

Brand

Model #:

Serial #:

Blower Wheel			Bearings		
Blower Motor Amps			Economizer setting		
Blower Belt			Economizer Damper		
Blower Pulley			Economizer Gears		
Motor Pulley			Inducer Motor Assembly		
Damper fully opening and closing			Inducer Motor Amps		
Damper Motor			Pressure Switch Low		
Pilot Flame Signal			Pressure Switch High		
Low Fire Flame Signal			Ignitor Assembly		
High Fire Flame signal			Flame Signal		
Inlet Gas Pressure			Flame Sensor		
Low Fire Manifold Gas Pressure			Primary Air		
High Fire Manifold Gas Pressure			Secondary Air		
Burner Differential Pressure			Heat Exchanger		
Low Air Flow Safety Switch			Roll Out Switch		
High Air Flow Safety Switch			Manual Reset Switch		
Limit Switch			Limit Switch		
Remote Thermostat Resistance			Heat Exchanger		
Discharge Resistance Minimum			Ambient Temperature		
Discharge Resistance Maximum			Compressor Terminals		
Discharge Temperature			Condensor Fan		
Filter			Electrical Wiring		
Condensor Coil			Disconnect Box		
Evaporator Coil			Electrical Lug Nuts		
High Side Pressure #1			Thermostat Calibration		
Low Side Pressure #1			Supply Air Temperature		
Compressor Amps #1			Return Air Temperature		
Condensor Motor Amps #1			Return Duct Static		
Superheat #1			Supply Duct Static		
Subcooling #1					
High Side Pressure #2					
Low Side Pressure #2					
Compressor Amps #2					
Condensor Motor Amps #2					
Superheat #2					
Subcooling #2					
Exhaust Fan Motor Amps					
Exhaust Fan Blower Pulley					
Exhaust Fan Motor Pulley					
Exhaust Fan Bearings and Shaft					
Exhaust Belt
